Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone annual financial results of the current period. These matters were addressed in the context of our audit of the standalone annual financial results as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Loans & Advances

Description of Key Audit Matter:

There is an inherent risk around the Loans given by the Company including high degree of complexity and judgement involved for the Company in the estimating individual and collective credit impairment provisions and write-off against these loans given by the Company. The Company's impairment provision for receivables from financing business is based on the expected credit loss approach laid down under Indian Accounting Standard (Ind AS 109) 'Financial Instruments'.

Under this approach, the management has been required to exercise judgment in areas viz.
- Calculation of historical default rates
- Estimates and external factors to arrive at probability of future defaults and
- Significant assumption regarding probability of various scenarios, credit policy and discounting rates for different industries considering individual borrower profile.

In view of the high degree of estimation involved in the process of calculation impairment provision and considering its significance to the overall Ind AS financial results whereby any error/ omission in estimation may give rise to a material misstatement of Ind AS financial results, it is considered as Key Audit Matter.

Auditor's response:

Our Audit Procedures included considering appropriateness of the Company's accounting policies for impairment of financial assets and assessing compliance with IND AS 109.

For loans which are assessed for impairment on a portfolio basis we performed particularly the following procedures:

· Obtained an understanding of the systems, process and controls implemented by the management for recording Loans and computing interest thereon.

· We understood the methodology and policy laid down for loans given by the company.

· We have reviewed the existence of recovery process in the event of default.

ASGR AND CO. FIRM REG NO. 148769W CHARTERED ACCOUNTANTS

· On selected specific/ statistical samples of Loans, we tested that the revenue recognized is in accordance with the revenue recognition accounting standard.

· We have verified and reviewed the historical trends of repayment of principal amount of loan and repayment of interest.

· We tested the reliability of the key data inputs and related management controls

· We have assessed the assumptions made by the Company in making provision considering forward looking information and business estimates

Responsibilities of Management's and Board of Directors' for the Standalone Annual Financial Results

These standalone annual financial results have been prepared on the basis of the standalone annual financial results.

The Company's Management and the Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone annual financial results that give a true and fair view of the net loss and other comprehensive income and other financial information in accordance with the recognition and measurement principles laid down in Indian Accounting Standards prescribed under Section 133 of the Act and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Listing Regulations. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone annual financial results that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial results, management and Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Annual Financial Results

Our objectives are to obtain reasonable assurance about whether the standalone annual financial results as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can

ASGR AND CO. FIRM REG NO. 14876 CHARTERED ACCOUNTANTS arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone annual financial results.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone annual financial results, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management and board of directors.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If We conclude that a material uncertainty exists, We are required to draw attention in our auditor's report to the related disclosures in the financial results or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone annual financial results, including the disclosures, and whether the standalone annual financial results represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial results that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial results may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial results.

We communicate with those charged with governance regarding, among other matters, the planned scope and
