Notes to Unaudited Standalone Financial Results for the quarter ended June 30, 2026

- 1 The standalone financial results have been reviewed by the Audit Committee and approved by the Board of Directors at their meeting held on July 29, 2026. The Statutory Auditors of the Company have carried out a limited review of the results for the quarter ended June 30, 2026.
- 2 The standalone financial results have been prepared in accordance with the recognition and measurement principles laid down under Indian Accounting Standards (Ind AS) as prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and other accounting principles generally accepted in India in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended.
- 3 Based on the "management approach" as defined in Ind AS 108-Operating Segments, the Chief Operating Decision Maker evaluates the Company's performance as a single business segment namely 'Chemical Business'.
- 4 The figures for the quarter ended March 31, 2026 is the balancing figure between the audited figure in respect of the full financial year and the published year to date figures up to the third quarter for the relevant financial year which were subjected to limited review by the statutory auditors.
- 5 During the quarter ended June 30, 2025, the Company had exercised the option under Section 115BAA of the Income-tax Act, 1961, of moving to new tax regime. Subsequently, during the quarter ended March 31, 2026, pursuant to amendments notified in the Union Budget 2026-27, the Company reassessed its tax position and opted to revert to the old tax regime with an applicable tax rate of 34.94%. This decision was based on the availability of MAT credit, which can be carried forward and utilized against future tax liabilities, subject to the prescribed conditions. Based on the Company's assessment of future taxable profits and its intention to avail the benefits arising from the aforesaid legislative changes, the Company recognized MAT liability of ₹ 165.09 million for the quarter and year ended March 31, 2026, along with a corresponding MAT credit entitlement of an equivalent amount.
During the quarter ended June 30, 2026, the Company has exercised the option available under section 200 Income-tax Act, 2025 (corresponding to section 115BAA of the Income-tax Act, 1961) to compute Income tax at the rate of 25.17% effective from the current financial year. Accordingly, the tax expense for the quarter ended June 30, 2026 is not comparable with that of the corresponding quarter ended June 30, 2025 and the quarter ended March 31, 2026, primarily due to the change in the Company's tax regime assessment, utilisation of brought forward loss in current period and the recognition of MAT credit in financial year 2025-26.
- 6 During the previous year ended March 31, 2026, the Government of India notified the Code on Wages, 2019, the Industrial Relations Code, 2020, the Code on Social Security, 2020 and the Occupational Safety, Health, and Working Conditions Code, 2020 ("Labour Codes"), which consolidate 29 existing labour laws. The Labour Codes, among other things introduce changes, including a uniform definition of wages and enhanced leave related benefits. The Ministry of Labour & Employment has issued draft Central Rules and FAQs to facilitate assessment of the financial impact arising from these regulatory changes. In accordance with the guidance issued by the Institute of Chartered Accountants of India and based on actuarial valuation, the Company has recognised ₹ 38.02 million as Statutory Impact of New Labour Codes towards additional gratuity liability and compensated absences, classified as past service cost, due to revised definition of wages under the Labour Codes and shown under employee benefits expenses in the standalone results for the year ended March 31, 2026.
- 7 During the quarter ended June 30, 2026, the Company has allotted 63,694 equity shares of the face value of ₹ 2 each on April 3, 2026, to the option grantees. Accordingly, the issued, subscribed and paid-up capital of the Company has increased from ₹ 554.30 million, consisting of 27,71,47,873 equity shares of ₹ 2 each, to ₹ 554.42 million, consisting of 27,72,11,567 equity shares of ₹ 2 each. The basic and diluted earning per equity share for the quarter ended June 30, 2026 have been calculated in accordance with Ind AS 33.
- 8 The figures for the corresponding previous periods have been regrouped/reclassified, to the extent necessary, to conform to current period's classification.
